New date for TOS+H EXPO: May 14 to 17 2022

Following the postponement of the TOS+H EXPO due to the effects of Coronavirus Covid-19, Messe Düsseldorf GmbH and its local partner Tezulaş Fuar are announcing a new date. The fourth edition of the leading trade fair for Turkish Occupational Safety and Health will take place from May 14 to 17 2022.

“We have taken this decision in depth dialogue with the Turkish Ministry of Family, Labor and Social Services and all partners involved,” says Werner M. Dornscheidt, CEO of Messe Düsseldorf GmbH. The 10th International Congress on Occupational Safety and Health, organized by the Turkish Ministry of Family, Labor and Social Services, will also be postponed to the new date.

TOS+H EXPO had to be postponed due to the dynamic developments of the corona pandemic. By doing so Messe Düsseldorf is following the decree by the Turkish government to postpone all events and the recommendation of the crisis management team of the Turkish Ministry of Health and the German Federal Government taking into account the principles of the Robert Koch Institute when assessing the risk of major events.

The exhibition and convention offer a 360-degree overview of the Turkish market for health, safety and security at work. They provide key impetus for the further implementation of uniform occupational safety standards as well as for establishing a corporate prevention culture in Turkey and its neighbouring countries.
